

Basic Screens

- The auth section would be the same as WAS. I will add verification code / reset / forget pw flow if I have enough time.
- There will be 5 main screen in the tabbar

Home

Transaction

Create

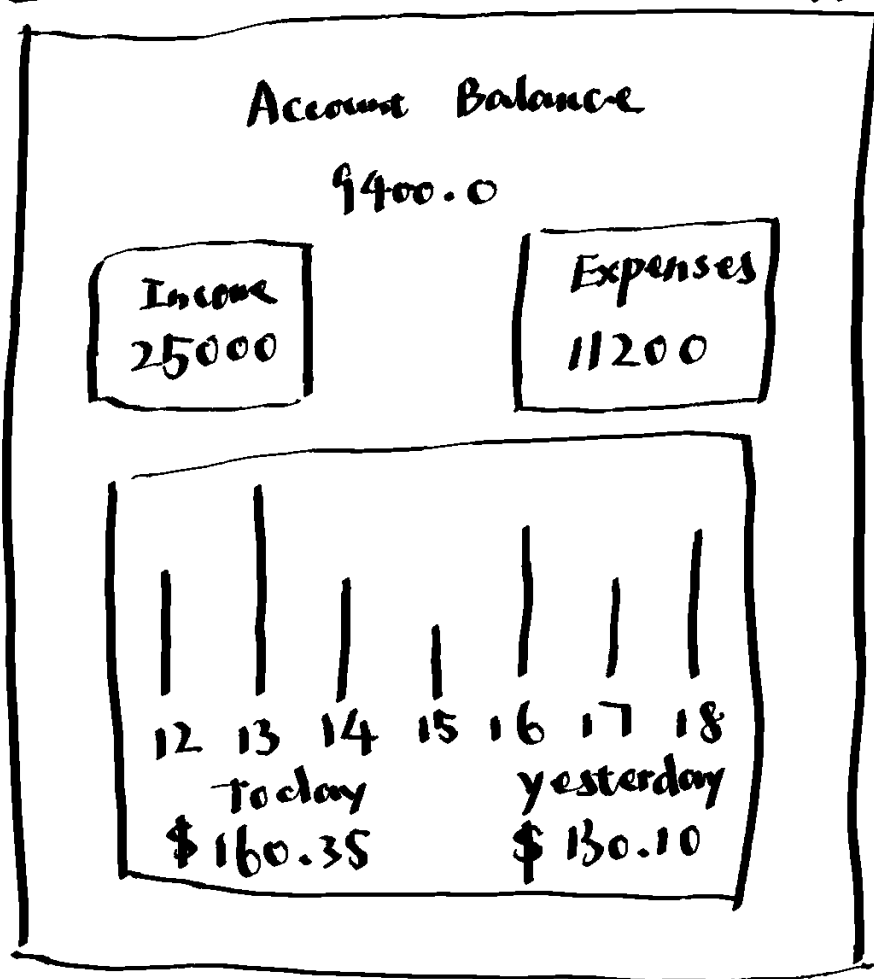

Report

Profile

Home Screen

A button to
log out.

Transaction Screen

→ Today, week, month, year

☒ month ☒ All → a selection table for all categories.

+

↑
Add new category button.

expense cell

Category = Shopping	-\$120.00
Description = grocery...	time = 10:00AM

Income cell

Income	+5000
Salary for Aug	04:30 PM

Add new category

Name:

Type:

Income / Expense

Here will use a half pop-up sheet

Transaction Detail ⇒

	Image optional
<input type="text" value="Amount"/>	
<input type="text" value="Category"/>	
<input type="text" value="date"/>	
<input type="text" value="Description"/>	

Create Screen

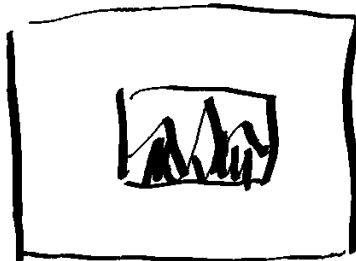

How much?

\$ 145.10

Category ✓
